Our Story
Since 1995, The Family Center/La Familia, a bilingual and multicultural organization, has offered high quality early childhood education and family strengthening services. Our primary goal is to strengthen and stabilize working families with children through supportive services such as childcare and parent enrichment programs.

We work in partnership with families through a shared vision that all families in our community have the opportunity to lead productive, healthy and interdependent lives regardless of race, income, ethnicity or where they live.

Our staff is comprised of dedicated community members who reflect the population we serve. They are committed to working with families through a collaborative, strengths-based and culturally competent framework.

Our Mission
Working alongside diverse families, we provide high quality childcare and supportive services, with an emphasis on cultural attunement with the Latinx community.

Our Vision
Creating a future where all families in our community are safe, supported and thriving. With your support, we can grow our non-profit program, allowing parents to work/attend school, afford childcare, receive resources and assistance, and pay fair wages to our valuable staff. All we do for our Northern Colorado families is done through the focus of our core values: Trust - Compassion - Diversity - Equity - Inclusion - Love

We distributed nearly $70,000 in scholarships through our sliding fee program to support working parents. Our childhood program serves nearly 45 children per day. We are the only non-profit childcare provider in our region that offers culturally appropriate wrap around services to families in our community. We have helped 428 families with utility assistance, totaling $205,568! Our advocacy services assisted 80 households with rent assessment resources and continues to promote housing stability. Our advocacy closet assists over 150 families each year with diapers and basic hygiene products. Our community garden provides families with fresh vegetables. We also use this produce in our kitchen to create meals for the children in our early childhood program.

Social, economic and health impacts persist in our community due to Covid-19. The Family Center/La Familia continues to actively respond and support our working families who heavily rely on safe and affordable childcare. We continue to offer comprehensive family support services because we understand how important is for our families to preserve employment and perform essential duties that are vital during this challenging time. Our families' well-being is the force that drives us to develop strategies and strengthen partnerships that will guarantee that community needs are met.

YOUR GIFT GOES FURTHER WITH THE CHILD CARE CONTRIBUTION TAX CREDIT

As added incentive for our donors, monetary donations also qualify for the Colorado Child Care Contribution Tax Credit, which offers an additional credit up to 50% on your state income taxes. The CCTC applies to contributions of cash, to Colorado institutions that support child care for children under 12 and to certain approved charities. These contributions could be deductible as charitable contributions for federal and state income tax purposes depending on your personal situation. In addition, a taxpayer could credit up to 50% of the contribution against the taxpayer’s Colorado state income tax liability. These deductions and credits substantially reduced the after-tax cost of such donations to taxpayers. The credit is non-refundable, but may be carried forward for 5 tax years. Please consult your tax advisor for information on your specific information.
